PARENTS CONTINUE TERRACE STRIKE

Man!

Six-year-old Jim Baron, 711 Auburn road, Fairless Hills, can't conceal his enthusiasm for that whopping plate of 'cakes before him. The lad was one of many who enjoyed the Levittown-Fairless Rotary pancake supper last night at the Faith Reformed Church, Levittown Parkway. Jim dug in and looked around for "seconds."

Sturgis Negroes Stay Home Today

STURGIS, Ky. UP — Nine Negro children escorted to their first day of classes at Sturgis High School Thursday by bayonet-wielding National Guardsmen failed to return today as a crowd of 500

persons gathered again near the school grounds.

Don Sturgis, deputy state commissioner of public safety, said one of the children's parents telephoned to say that the children would not attempt to return to school today but would come back Monday.

Only 30 or 40 of the white elementary and high school pupils who normally attend school had arrived by mid-morning. The high school band arrived for practice for its appearance at the Sturgis-Bowling Green football game tonight.

One of the two Negro girls who attended classes Thursday told United Press the Negro children were staying away from school "for fear of reprisals against our fathers."

She said a coal mine superintendent had called her father at 2 a.m. today to warn him that he would be fired if his children attended school today. The girl, whom her mother asked not to have identified, said others of the Negro families involved had received similar threats from other mine officials.

The girl talked to United Press in her home some six blocks from the high school. A rifle and shotgun were stacked inside the bedroom door of the home. The mother of the girl said the other Negro families involved were similarly armed. "We have to, the way these wildcats are," she said.

One arrest was made today by state police. A man identified as Preacher Jones was arrested after police said he was "cursing and getting loud."

Jones, a shoe repair shop operator, was charged with breach of (Continued on Page 3, Col. 8)

New Voters Registration

The Bucks County Traveling Registrars are now visiting local municipalities to sign up new voters for the coming November 6 presidential election.

The centers are open from 2 p.m. until 9 p.m.

GOP Blasts John T. Welsh On Registrars

Lower Bucks Leader Says Long Voting Lines Are Commissioner's Fault

Clem Lennie, president of the Lower Bucks Republican Club, today blasted the Democratic County Commissioners for their inefficient handling of the heavy registration in Lower Bucks.

Lennie accused Welsh of playing politics and implying that Welsh does not want a big registration in this area because he would lose power.

Lennie said, "Hundreds of people have been standing in line up to two hours to register to vote in November. This is inexcusable inefficiency on the part of the Democrat Commissioners in Doylestown. These same Commissioners have found it easy to spend tens of thousands of dollars on an air survey of Bucks County and they spent \$1,700 so that they could have an automatic gate to their private parking lot in Doylestown."

Cites Help Needed

"But have they spent a few hundred dollars to hire clerical help to get the people registered? They have not. The Commissioners are servants of the people and should begin to think about being servants rather than petty politicians."

"It has come to my attention that John Welsh is on the outs with the Democrats of Lower Bucks and he would prefer not to see them register too many Democrat voters because he would lose control of the party. That man is playing politics at the expense of the residents in this area."

Big Turnout

"Registration has been heavy in this section this year. Over 900 people registered in Falls on one day; another 900 at Kanes Super Market last Tuesday, and over 800 Wednesday at Sun Ray Drug store at the Midway Shopping Center. In every case the people had to wait as long as two hours to get registered. Many had their children with them."

"I compliment these hundreds of new voters who are so interested in their Community but I severely criticize Welsh for his shortsighted attitude."

"Large registrations are expected at Pomeroy's in the Levittown Shopping Center next week. I hope Welsh will rise up and have enough clerical help on hand to do a decent job."

New Courthouse On Old Site Hits Block

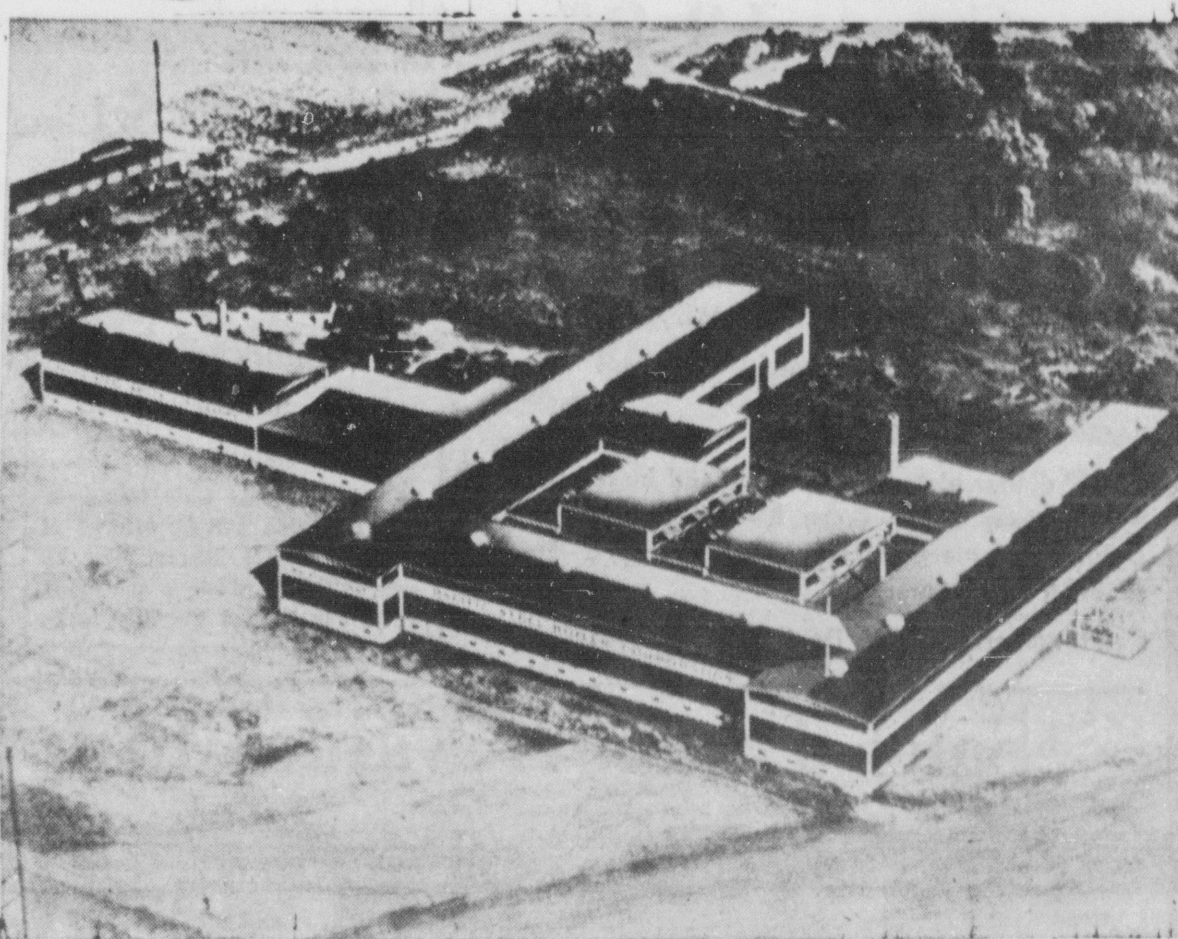

Cyril L. Weston, attorney from West Rockhill township, has filed an appeal on his courthouse suit with the Pennsylvania Supreme Court.

Mr. Weston said today that he filed his appeal Wednesday in Philadelphia against the building of a new \$5,000,000 court house in Doylestown and it is listed for the January term of the supreme court.

Against Method

Mr. Weston is opposing the manner in which County Commissioners and others handled preparatory plans for the courthouse.

Bucks County Solicitor Robert W. Valmont has been notified of the action and Weston will file a

Air view shows the 125,000-square-foot former Pacific Steel Boiler plant of the National U. S. Radiator Corp., purchased yesterday by the A. B. Murray Co., Inc., of Elizabeth, N. J. The new owners will establish a Delaware Valley warehouse on the site for their tubular products.

Group Schedules Bristol's 275th Anniversary Plans

Commemoration of the 275th anniversary of the founding of Bristol promises to be one of the most interesting, significant, and enjoyable events in its history.

This became apparent last

L'town, N.J. Center OK'd

The Willingboro, N. J., Township committee has amended its zoning ordinance to permit the construction of a giant shopping center for the proposed New Jersey Levittown.

The committee rezoned a huge farm tract to permit construction of a business area at a special public hearing held recently. The shopping center would serve an estimated 60,000 residents expected to occupy the 15,000 homes planned for the project.

The area rezoned for the center lies south of Route 130. The administration building of Levitt and Sons, Inc., will be located in the center. According to plans presented at the meeting the center would be constructed on Route 130 at the present intersection of Copic lane. Copic lane would have to be vacated so the center could be built.

night at a meeting of the general steering committee at Warren Snyder school when plans for the occasion were crystallized, general assignments made, and program for the community-wide celebration outlined.

Bristol's 275th will be the week of October 14.

The week itself will be replete with a variety of events underlining the significance of the history of the community and is certain to capture the imagination of not only Bristolians, but of untold thousands in the entire Upper Delaware Valley region.

Churches, schools, civic organizations, and business interests as well as borough officials are co-operating to make the event memorable.

The week will start with special

Sunday church observances pointing up the values of the community's rich historical heritage.

On Monday, children of Bristol schools will join in a general program.

A huge banquet is set for Tuesday evening with a nationally (Continued on Page 3, Col. 2)

Cold Night Is Expected

The lowest temperature of the season is expected to hit the Bucks County area tonight on the heels of last night's rain storm.

Trenton Weather Bureau, which estimated Lower Bucks' rainfall at about one and a half inches, predicts a low of 50 degrees tonight.

Local officials forecast "near perfect fall weather" for the weekend. "It'll be a bit cool but sunny," said the weatherman.

Clearing skies are expected this afternoon. Tomorrow should be clear, with a high afternoon temperature of 70. Sunday's outlook is about the same, the Trenton bureau said.

Trenton received 74 inches of rain last night. Philadelphia got 1.35, the weather bureau reported. "Bucks county's inches come to about one and a half," said the weatherman.

Last night's rain, according to the Trenton bureau, was caused by a "squall line" which preceded a cold front. The cold front hit Lower Bucks about midnight.

Smell

Anything?

If you think that your paper is smelling funny—you're right. Tonight's edition was liberally sprinkled with a sweet smelling perfume for its date with you. It's a "sweet" way of telling you that Auto Boys Department store is giving away orchid corsages.

The Auto Boys advertisement (Page 24) was printed with a mixture of oil and perfume. Turn to the page and take a deep breath.

Croydon Church's Poor Boxes Looted

Thieves last night entered the St. Thomas Aquinas church on Route 13, Croydon, and removed poor boxes from the walls of the church.

Bristol township criminal investigation division officers are presently investigating the reported burglary.

L'town Pupils Remain Home Second Day

Only Seven Report After Plea To Close School Is Rejected

Most of the Indian Creek, Levittown, children assigned to first grade classes in the Bristol Terrace school buildings stayed home today for the second day in protest over conditions at the school.

However seven children from the community reported to the school this morning. This is three more than the four who attended first-day classes in the school yesterday, according to Bristol Township school officials.

The parents refused to send their children to the school after the township school board rejected their pleas to close the building and transfer its 150 pupils to other schools.

The parents termed the school and its surroundings "most undesirable."

Holidays Also

Other Indian Creek parents announced they would not send their first grade children to the William Penn School, Edgely, as a sympathy protest.

Albert J. Crispell, school administrator of the district which includes both the Terrace and the William Penn schools, said it was almost impossible to determine the effect of the protest strike because of the Jewish holidays.

"We don't know how many parents are keeping their children home in observance of the religious holiday or how many are doing so in protest," he said.

Some Will Return

However, he said that yesterday several parents notified the school that their children would return either today or Monday when the holiday was over.

He said there are now 17 first grade children from Indian Creek registered at the Bristol Terrace buildings with 10 absent today.

At the William Penn 30 first grade, Indian Creek children are registered with 17 attending classes today, Crispell said.

Mrs. David Allison of 58 Indian Red road, said the protesting parents will meet Tuesday to decide what action to take next week.

Her husband was one of spokesmen for the group of parents at a special meeting of the school board Wednesday night.

Hot-Rodders

Given Warning

Morrisville Police Chief John S. Davis issued warning today to hot-rodgers and others with loud or defective mufflers on their automobiles, saying that the Department will crack down hard on all offenders caught. Chief Davis said the fine is \$10 plus \$5 costs for each violation.

Falls GOP Seeks To Halt Fairless Annexation Move

An emergency meeting of the executive committee of the Falls Township Republican Club called last night, made hurried preparations to present a petition to the Falls Township Board of Supervisors asking that they "strongly consider and take early action toward forming a first-class township."

The Falls Township Committee said that a part of a first-class township would be much harder to annex than a part of a second-class township.

The action was brought about to combat steps taken by Morrisville Borough Council Wednesday, when the council proposed to annex the Fairless Works, U. S. Steel to the Borough of Morris-

stop the annexation plan, if it ever reaches those late stages in annexation proceedings.

Mr. Berkes said, "It's a crackpot idea, and I doubt very much whether the company would want to move to Morrisville and its higher millage rate. Morrisville has 76 mills and Falls Township has 58 mills tax rate.

The Fairless plant paid \$1,311,235 in taxes to the township and school board last year, Mr. Berkes said, and I doubt if the courts would allow any territory so important to a second class township to be taken away. Mr. Berkes said the plan is basic to the township's economy.

Falls Township recently filed an

appeal with the county to have the steel plant assessment raised from the present \$22,607,506 to at least \$10,000,000 higher. The present figure is set by the county. Both the Falls School Board and the Township Democratic party approved of the assessment hike.

The plant takes in six square miles or 3,840 acres, which would triple Morrisville's present size. In addition to the Fairless size, an area lying between the borough and the mill would also have to be annexed, requiring the consent of property owners.

Meanwhile, both Morrisville and Falls Township are preparing for the apparent, long siege.

Thieves Hit Vending Units

The latest in what police said appears to be a rash of cigarette machine burglaries was reported early this morning when a service station operator reported his business broken into and the vending machine pilfered.

Robert Wagner, owner of the Texaco service station at Route 13 and Haines road, Bristol township, discovered the burglary when he opened his establishment early this morning.

Wagner told Bristol township Patrolmen Patrick Dunleavy and William Edmund that the thieves threw a rock through the plate glass door to gain entrance.

An undetermined amount of money was taken from the machine. Police said they believed nothing else was touched.

Police throughout the Lower Bucks county area have reported more than 30 burglaries of this type during the last two months.

Bristol 275th

(Continued from Page One) known speaker already engaged and with many notables to give hundreds of Bristolians and guests in an unusual program appropriate for the historic occasion.

Wednesday will be Open House day with a number of Bristol's historic homes to be open to visitors.

A gigantic fair with many events of historical significance to be revived and dramatized will be held Thursday, Friday and Saturday, and the whole week's celebration will be climaxed Saturday with a huge and colorful historical parade.

Harry Danner is general chairman for Bristol's 275th, and last night made the following assignments:

Church observance—The Rev. R. L. Carlsen, chairman.
School observance and participation—Warren Snyder, superintendent of schools, chairman.
Banquet—Horace Schmidt, chairman.
Historical committee and open house—Mrs. Ann Hawkes Hutton, chairman.
Fair—Gene Nichols, chairman.
Finance—Steve Midouhas, chairman.
Publicity and program brochure—George G. Gray, chairman.

Attending last night's meeting were Mr. Danner, Mr. Snyder, Mrs. Hutton, Mr. Nichols, James Keegan, Mrs. Margaret Gontar, Sheridan Metz, Dr. H. H. Bisbee, Mr. Schmidt, the Rev. Fr. Peter Pinci, the Rev. Mr. Carlson, Mr. Midouhas, Mrs. Dora Colville, and Mike Berrie, secretary for Bristol's 275th.

FINANCE COMMITTEE MEETS
The finance committee of the Morrisville Borough Council will hold a committee meeting at 8 p.m. Monday in the Borough Secretary's office in preparation for the regular Borough Council meeting Tuesday at Borough Hall.

Police Check Connecticut Kidnap Death

HAMDEN, Conn. — UP — Feverish police activity hinted today at the possibility that six-week-old Cynthia Ruotolo may have been a victim of homicide rather than kidnapping.

Vital organs of the infant found floating in a plastic potato bag in a reservoir have been sent to the FBI laboratory to determine the cause of death.

The baby's mother, Mrs. Eleanor Ruotolo, 29, was questioned three times in 10 hours yesterday. Sobbing and near collapse, she was escorted to her home by two policemen and a priest.

State's Attorney Abraham Ullman, now in full charge of the case, refused any comment on possibility that the child was murdered before being thrown into Lake Whitney, south of Hamden.

Three boys fishing along the shore found the body yesterday, about one mile from the crowded department store where Cynthia was taken from her carriage last Saturday.

The body of the baby, believed dead several days, was viewed by both Mrs. Ruotolo and her husband, Stephen, 33, who made the identification.

Detectives searched the Ruotolo house and yard yesterday. They disclosed they were trying to match a piece of wire which was used to close the top of the transparent cellophane bag in which the body was found.

Tube Outlet

(Continued from Page One) loading and unloading by overhead crane and other handling and shipping facilities and equipment for cutting tubing and pipe will be installed.

Over 100 Years
Established in 1845, the Murray Co., was originally located in New York City and Brooklyn, moving to New Jersey in 1942. Since then, considerable expansion of plant and facilities has been made, including a warehouse operation at McKeesport, in the heart of the steel producing industry.

The newly-acquired plant is located on the main line of the Pennsylvania Railroad, just off Delaware Valley Interchange on the Pennsylvania Turnpike adjacent to U. S. Route 13.

Motion Made To Kill Bridge Case

Fechtenburg Honored By Realtors

Bucks County Board of Realtors last night honored a number of its outstanding members at the September meeting held at the Warrington Inn.

Three plaques expressing "grateful appreciation of years of loyal and faithful devotion to the organization" were presented to Richard W. Fechtenburg, Langhorne, president of the Pennsylvania Association of Realtors; J. Carroll Molloy Jr., and Charles J. Happ, both of Doylestown.

Molloy is vice president of the state association.

Membership pins were presented to board members who have brought in new members. Those receiving pins were Michael J. Catalano, Bristol; C. Morrell Brown, Doylestown; John L. Furey, Hilltown; H. Wynne James Jr., John T. Welsh, Molloy, all Doylestown; Thomas B. Stockham, Morrisville; Theodore Luz, of Eddington, and Fechtenburg.

The plaque presented to Mr. Fechtenburg records the fact that he is state president and that he was president of the Bucks County Board in 1943-44 and 1952-53.

The plaque to Mr. Molloy mentions that he is vice president of the state association and president of the county group in 1950-51 and served as secretary of the county group in 1945-46.

Mr. Happ's plaque records his service as president of the National Institute of Farm Brokers in 1945-46 and the fact that he was first secretary of the county board and served as president of county board in 1930-31.

Strouse Speaker
Milton Strouse, executive vice president of the state association, came from Harrisburg to attend the meeting and spoke on the work of the state association.

Alfred B. Patton, of Doylestown, secretary of the county board, reported on the progress being made by the "Bucks County Realtor" magazine which he publishes. He also said that 2700 members of state association will in a few days receive their copy of the 1956 issue of the "Pennsylvania Realtor" magazine which he also publishes.

County president Fred E. Schnizler in presenting the awards and plaques said: "These men honored tonight are just a few of the outstanding realtors of our board of which there are 90 at the present time, serving its population of over 190,000."

Mr. Fechtenburg announced that the state convention of realtors would be held at Bedford Springs, Sept. 16-19.

Knee-Hi Picnic Set Tomorrow

The Levittown Knee-Hi League will hold a picnic tomorrow at 12 o'clock at the Levittown Shopping Center diamond. The affair is an annual get-together for the baseball teams. The Levittown team, winners of the league title, will be awarded jackets.

Miller Attorney Asks County Court To Drop Charges

Fred Smith, attorney for Alexander Miller of Easton, former chairman of the Delaware River Joint Toll Bridge Commission today asked Bucks County Court to rule on why information charging Mr. Miller with various misdemeanors should not be quashed.

Mr. Miller and two other commissioners are scheduled for a preliminary hearing on the charges before Justice of the Peace Leon H. Milnor, Newtown, on Tuesday.

In effect, Mr. Smith asked the court to "kill" the charges against Mr. Miller. He gave three main points for his argument.

"First," he said, "the information against Mr. Miller fails to determine any dates on which Mr. Miller allegedly over-spent commission funds. Secondly, the information failed to place jurisdiction on the county."

He pointed out that during part of the time in which Mr. Miller

Firm Head Denies Pike Allegations

HARRISBURG — UP — The president of the firm involved in the investigation of the alleged "swindle" of millions of dollars in Pennsylvania Turnpike funds today fired a counter-blast at two of Gov. George M. Leader's Democratic appointees, one a cabinet official.

Charles W. Stickler, Jr., head of the Manu-Mine Research and Development Corp., Reading said that the bulk of the disputed and subsequently cancelled contracts awarded his firm were approved by Highways Secretary Joseph J. Lawler and Turnpike Commission Chairman G. Franklin McSorley.

"If he (Leader) would bother to obtain the minutes of the commission meeting for Feb. 18, 1955, he would find that not only did Democrats McSorley and Lawler approve the contract but McSorley made the motion that it be accepted."

"If he would bother to check that he would find that 85 per cent of our work was done since McSorley became commission chairman. This then leads to the inevitable conclusion that the accusations of the governor against the company are equally applicable to his appointees—McSorley and Lawler."

Justice Dept. Petition

Stickler's statement was issued from his Reading office in the wake of the state Justice Department's petition in Dauphin County Court for a special grand jury investigation of the administration's charges of conspiracy, bribery and corrupt practices on the part of certain commissioners and employees during Republican control of the toll road.

Area Needs Deep Channel

TRENTON, N.J. — UP — A New Jersey spokesman said today deepening of the Delaware River from Philadelphia to Trenton would immediately aid industry in South Jersey and attract new plants to the area.

The spokesman, an official of the state Department of Conservation and Economic Development also said the gigantic plant of the U. S. Steel Corp. at Morrisville, Pa., would benefit immediately when the project is completed.

Mower Victim Returns Home

Diane Morrison, of Oxford Valley road, Middletown township, the 18-month old child who suffered severe lacerations of the body and lost an arm when a power mower passed over her body, was released from the Lower Bucks County hospital yesterday.

The child spent more than a month recuperating at the hospital. The injuries received by the child required more than 100 stitches.

Integration

(Continued from Page One) the peace after his arrest by patrolman Millard Sharp.

Form Solid Barrier

Most of the crowd stayed on the side of the street away from the school behind some 20 state police cars parked bumper to bumper. Guardsmen still were stationed around the school but they had removed the bayonets from their rifles today.

Sturgill said the FBI had been informed that threats have been made to the families of some of the Negro children, but that it would be up to the FBI to decide whether the threats were a federal matter.

Derby Race Tomorrow

Boys from all sections of Lower Bucks County will test their "automotive engineering" abilities and racing skill tomorrow in the Orange Crate Derby on Trenton road, east of Olds Boulevard, Fairless Hills. The race will start at 1 p.m.

The event is sponsored by the service clubs of Lower Bucks County, whose members have encouraged the young contestants to build their cars. Individual sponsors purchased the wheels, axles and steering gear for the tiny cars, which the boys assembled themselves.

The contestants will march with the Pennsylvania High School band, color guards and other units in a pre-Derby parade from Trenton and Oxford Valley roads to the race course, starting at 11:40 a.m.

Jury To Hear Medic's Case

An assault and battery charge against Dr. Fletcher D. Sain, of Lower Bucks County hospital, will be heard by the Bucks County Grand Jury early next week.

The charge brought by Dr. Glenn W. Bricker, of Levittown, is one of 174 indictments which will be heard by the Grand Jury starting Monday.

If the Grand Jury upholds the indictment against Dr. Sain his case will be listed for criminal court during the week of September 24.

The charge against Dr. Sain was filed following an alleged altercation between he and Dr. Bricker at the Lower Bucks County hospital. Dr. Bricker charged that Dr. Sain assaulted him while he was in the hospital inquiring about a patient he had sent there from an accident scene.

Hawaii, Arkansas Beauties Impress

ATLANTIC CITY, N. J. UP — Miss Hawaii and Miss Arkansas won the swim suit and talent categories in preliminaries of the Miss America contest last night.

Miss Hawaii, Texas-born Jere Wright, 20, of Honolulu, displayed measurements of 35-24-35 in winning in a white bathing suit.

Miss Arkansas, Barbara Banks, 18, of Conway, did an interpretive ballet to a jazz music accompaniment in winning the talent contest.

Miss Banks and Miss Wright join Miss California, Joan Colleen Beckett, and Miss Alabama, Anne Stuart Atrial, who won the swim and talent contests on the opening night of the preliminaries.

Two preliminary winners are picked each night. They will vie for the Miss America title Saturday night.

Car Skids, Rips Bensalem Fence

A car operated by a 16-year-old Croydon boy skidded on Mechanicsville road, Bensalem Township, during last night's rain and ripped down 30 feet of fence, Bensalem Police reported.

The car, driven by Daniel W. Day, 2918 Murray avenue, RD 1, Croydon, smashed into fencing owned by Edward Moehmer, of 3752 Mechanicsville road. Police said Day was alone.

The summer is over, school has begun—but thoughts still remain with the good old vacation days. Yesterday was the first day of school for these youngsters of the Lower Southampton Elementary School. But Terry Lees, 25 Brookside drive, Feasterville, dreams of baseball, while Claudia Exler, 15 Milden street, Feasterville, dreams of the Trevoze firemen's parade. Lower Southampton Elementary School serves pupils of the Feasterville-Trevoze area. It is located on Bridgetown pike.

SKIL-WORD Catches On

Already the entries are pouring into the Courier and Times offices as SKIL-WORD, the latest fascination in puzzle games, catches on in Lower Bucks.

If you haven't solved the puzzle yet you better get started. Remember there is a \$50 cash prize for the winner and it could just as well be you as anybody else.

The deadline is midnight Tuesday, all entries must be post marked no later than that date.

So get out your pencil and start to work. It's easy and lots of fun. But be sure to read all the rules so you play the game correctly. The puzzle and rules are printed on page 2.

Boro Patrolman To Leave Sept. 15

Bristol Borough Patrolman William Burns is resigning from the police force, effective September 15, he said today, and will shortly afterward move to Fort Lauderdale, Fla.

The officer based his resignation on "personal reasons." He said he is seeking a police job in Florida. Born in Bristol, he served on the borough police force 27 months.

Cold Night Is Expected

The lowest temperature of the season is expected to hit the Bucks County area tonight on the heels of last night's rain storm.

Trenton Weather Bureau, which estimated Lower Bucks rainfall at about one and a half inches, predicts a low of 50 degrees tonight.

Local officials forecast "near perfect fall weather" for the weekend. "It'll be a bit cool but sunny," said the weatherman.

Clearing skies are expected this afternoon. Tomorrow should be clear, with a high afternoon temperature of 70. Sunday's outlook is about the same, the Trenton bureau said.

Trenton received 74 inches of rain last night. Philadelphia got 1.35, the weather bureau reported. "Bucks county's inches came to about one and a half," said the weatherman.

Last night's rain, according to the Trenton bureau, was caused by a "squall line" which preceded a cold front. The cold front hit Lower Bucks about midnight.

Smell Anything?

If you think that your paper is smelling funny—you're right.

Tonight's edition was liberally sprinkled with a sweet smelling perfume for its date with you. It's a "sweet" way of telling you that Auto Boys Department store is giving away orchid corsages.

The Auto Boys advertisement (Page 24) was printed with a mixture of oil and perfume. Turn to the page and take a deep breath.

Night Classes Depend Upon Area Interest

Tennent High School To Be Utilized For Tentative Program

An extensive adult education program was tentatively established by the Centennial Joint School Board last night.

The adult school, which would be nightly at the William Tennent High school, was approved by the directors with one qualification—that it be self-supporting.

Three thousand notices are to be sent to residents of the Southampton-Warminster area this week announcing the program. It would include classes in art, languages, bookkeeping, public speaking, wood work, home building, various craft work, and other subjects.

Whether the program will proceed as planned depends on the number of adults registering. Dr. Everett McDonald, Centennial superintendent, explained. However, the board said that failure to obtain sufficient number of adult pupils would not end plans for the program, but would send it back to the school board for re-hashing.

By End Of Month

Last night's move authorized school administrators to initiate the program immediately. Dr. McDonald indicated that classes might get underway by the end of the month.

Although the program will mostly serve those of the Centennial district (Upper Southampton, Warminster and Ivyland) it is open to others.

Richard Bertz, of the Tennent school, who helped organize the program, mentioned his interest in encouraging the people of Lower Southampton to also attend the school.

16 Years

It will be open to all persons 16 years and older. Registration will be conducted twice a year, at the outset of the fall semester and the winter semester.

The teaching staff will be employed according to need, the board members explained. The staff will include a director and part-time secretarial help.

Registration fee will be \$10 a person, per semester, or \$15 for a couple. The latter means man and wife or parent and child.

Inside Today's Paper

A REMINDER—

Whether the weather keeps you at home tomorrow or the sun comes out, you'll find reading for the weekend tomorrow. Don't forget the weekend edition of the Courier and Times.

SKIL-WORD—

Whites Play Hooky From Integration

National Guardsmen moved in with fixed bayonets to break up a near-riot against school integration at Sturgis, Ky., yesterday but elsewhere in the troubled South-land hooky became the chief weapon today against mixed classrooms.

Nine Negro students broke the color barrier at Sturgis High school, but Kentucky guardsmen were forced to hold off at bayonet point an angry crowd of more than 500 persons who shouted their objections.

A newly-formed Sturgis white citizens council planned today to petition local officials to ask the Kentucky National Guard and (Continued on Page 3, Col. 3)

Good Evening!

Fair and cooler weekend the man says, and we'll buy it. Enough perspiring the past few days to last until Groundhog Day.

Body of the kidnaped baby found as Connecticut case further unfolds.

Most heinous of all crimes, this kidnapping, and about the best you can say about it is that it never pays off. And here is another instance where the state authorities and the FBI should never sleep until the guilty is brought to justice.

Suez mission falls, authoritative Egypt reports indicate, with the United States now really having the responsibility of keeping the peace.

It's been a toughie all along, that canal grab. And it begins to appear Uncle Sam will have to show the world how to lead—away from war.

SKIL-WORD? It's wonderful!

This delightful word game which pays off \$50 cash each week, apparently is capturing the fancy of readers in a hurry, if the first bundle of the morning mail is any indication. Okay, get going!

A radio announcer is a fellow who talks until you have a headache and then tries to sell you something for it.

Eventually everybody has to decide whether to live within his income or have a little fun now and then.

The first to criticize a quitter is the one who doesn't even have the nerve to begin.

Little kids couldn't possibly do as many things wrong as their parents think they will.

Watch your driving.

Police Check Kidnap Death

HAMDEN, Conn. — UP — Federal police activity hinted today at the possibility that six-week-old Cynthia Ruotolo may have been a victim of homicide rather than kidnapping.

Vital organs of the infant found floating in a plastic potato bag in a reservoir have been sent to the FBI laboratory to determine the cause of death.

The baby's mother, Mrs. Eleanor Ruotolo, 29, was questioned three times in 10 hours yesterday. Sobbing and near collapse, she was escorted to her home by two policemen and a priest.

State's Attorney Abraham Ullman, now in full charge of the case, refused any comment on possibility that the child was murdered before being thrown into (Continued on Page 3, Col. 2)

Weston Files New Courthouse Appeal

Cyril L. Weston, attorney from West Rockhill township, has filed an appeal on his courthouse suit with the Pennsylvania Supreme Court.

Mr. Weston said today that he filed his appeal Wednesday in Philadelphia against the building of a new \$5,000,000 court house in Doylestown and it is listed for the January term of the supreme court.

Against Method

Mr. Weston is opposing the manner in which County Commissioners and others handled preparatory plans for the courthouse.

Bucks County Solicitor Robert W. Valmont has been notified of the action and Weston will file a

written brief within 60 days. The action will mean further delay of a new courthouse.

Mr. Weston's appeal is on a decision handed down in March by Judge Edward P. Little of Susquehanna county, who dismissed Mr. Weston's complaint and upheld the action of the County Commissioners. The judge ruled that there was nothing irregular in connection with the plans for the courthouse.

Mr. Weston's main objection is that the county commissioners plan to build it on the present site in Doylestown and that the commissioners did not immediately inform the county planning commission of their plans.

Greetings and two pictures from Bristol, England, were presented to its local namesake yesterday at the luncheon of the Bristol Rotary Club at the Elks home. Richard Mead (left) of Bristol, England, presents a message from his lord mayor and two old prints of his city to Burgess Anthony A. Niccol (right). Looking on are Gene Nichols, president of the Rotary Club (second from left) and Richard W. Fechtenburg, Bristol Rotarian and president of the Pennsylvania Realtors Association. The pictures will hang in the Council Chamber. Mr. Mead, a recent graduate of London University, is observing the real estate business as guest of the Bucks County Board of Realtors and Pennsylvania Realtors Association. Feasterville-Treose-Southampton Edition

Friday Evening, September 7, 1956

Second Front Page

Fechtenburg Honored By Realtors

Bucks County Board of Realtors last night honored a number of its outstanding members at the September meeting held at the Warrington Inn.

Three plaques expressing "grateful appreciation of years of loyal and faithful devotion to the organization" were presented to Richard W. Fechtenburg, Langhorne, president of the Pennsylvania Association of Realtors; J. Carroll Molloy Jr., and Charles J. Hupp, both of Doylestown.

Molloy is vice president of the state association.

Membership pins were presented to board members who have brought in new members. Those receiving pins were Michael J. Catalano, Bristol; C. Morrell Brown, Doylestown; John L. Purrey, Hilltown; Hupp, Wynne James Jr., John T. Welsh, Molloy, all Doylestown; Thomas B. Stockham, Morrisville; Theodore Luz, of Eddington, and Fechtenburg.

The plaque presented to Mr. Fechtenburg records the fact that he is state president and that he was president of the Bucks County Board in 1943-44 and 1952-53.

The plaque to Mr. Molloy mentions that he is vice president of the state association and president of the county group in 1950-51 and served as secretary of the county group in 1945-46.

Mr. Hupp's plaque records his service as president of the National Institute of Farm Brokers in 1945-46 and the fact that he was first secretary of the county board and served as president of county board in 1930-31.

Strouse Speaker

Milton Strouse, executive vice president of the state association, came from Harrisburg to attend the meeting and spoke on the work of the state association.

Alfred B. Patton, of Doylestown, secretary of the county board, reported on the progress being made by the "Bucks County Realtor" magazine which he publishes. He also said that 2700 members of state association will in a few days receive their copy of the 1956 issue of the "Pennsylvania Realtor" magazine which he also publishes.

County president Fred E. Schnitzer in presenting the awards and plaques said:

"These men honored tonight are just a few of the outstanding realtors of our board of which there are 90 at the present time, serving its population of over 190,000."

Mr. Fechtenburg announced that the state convention of realtors would be held at Bedford Springs, Sept. 16-19.

Hawaii, Arkansas Beauties Impress

ATLANTIC CITY, N. J., UP — Miss Hawaii and Miss Arkansas won the swim suit and talent categories in preliminaries of the Miss America contest last night.

Miss Hawaii, Texas-born Jere Wright, 20, of Honolulu, displayed measurements of 35-24-35 in winning in a white bathing suit.

Miss Arkansas, Barbara Banks, 18, of Conway, did an interpretive ballet to a jazz music accompaniment in winning the talent contest.

Miss Banks and Miss Wright join Miss California, Joan Colleen Beckett, and Miss Alabama, Anne Stuart Atrial, who won the swim and talent contests on the opening night of the preliminaries. Two preliminary winners are picked each night. They will vie for the Miss America title Saturday night.

Police Investigate Kidnaping Death

(Continued from Page One) Lake Whitney, south of Hamden. Three boys fishing along the shore found the body yesterday, about one mile from the crowded

Library Group Member Gives Resignation

Mrs. Stephen Pulak, Neshaminy avenue, Oakford, has resigned from the Lower Southampton Library Committee, Stanley Steinke, chairman, said.

Mrs. Pulak, who resigned because of other activities, was appointed to the library committee when it was organized in November, 1954.

She was head of the work group, which processed books. Mr. Steinke reported that she worked every week for several months preparing books for the opening of the library.

Lower Southampton Township's library is in the Feasterville Elementary School.

Mrs. Pulak is president of the Neshaminy Falls Women's Club, and belongs to several organizations.

The library committee has announced a special series of events beginning October 25. The first to be on that date, will be a lecture, discussion, and demonstration by Max Ritter of Langhorne, a rock expert and collector.

Mr. Ritter will show and explain phosphorescence of mineral rock under black light.

"We intend to continue a program of these special attractions after this initial event," said Mr. Steinke.

S'hampton Curbs Being Repaired

Curbs on Jeffery drive, Rozel Park, Southampton, are being repaired by the James D. Morrissey Company Inc., after numerous complaints by residents that curbing was falling apart.

Work on the curbs began at 10 a.m. yesterday and continued all day. Workmen returned again this morning.

The Morrissey company constructed Rozel Park streets, under contract with the Rozel corporation, builders of the development who have since gone bankrupt.

A ten-man crew was reported working on the curbing project.

Car Skids, Rips Bensalem Fence

A car operated by a 16-year-old Croydon boy skidded on Mechanicsville road, Bensalem Township, during last night's rain and ripped down 30 feet of fence, Bensalem Police reported.

The car, driven by Daniel W. Day, 2918 Murray avenue, RD 1, Croydon, smashed into fencing owned by Edward Moehner, of 3752 Mechanicsville road. Police said Day was alone.

Church School Groups To Meet

Members of the Sunday Church School Department of St. Stephen's Lutheran Church, Feasterville, will meet at 8 o'clock tonight in the home of Mrs. Louis Halley, 10 Williams street, Feasterville.

Men of the St. Stephen's Christian Evangelism Committee will get together next Friday at 8 p.m. in the home of Albert Wunsch, 37 North Eastview avenue, Feasterville.

department store where Cynthia Lake Whitney, south of Hamden, was taken from her carriage last Saturday.

The body of the baby, believed dead several days, was viewed by both Mrs. Ruotolo and her husband, Stephen, 33, who made the identification.

Detectives searched the Ruotolo house and yard yesterday. They disclosed they were trying to match a piece of wire which was used to close the top of the transparent cellophane bag in which the body was found.

Ullman, after hours of interrogation with the leading figures in the case, conferred with the FBI and state and local police late last night.

The state's attorney said no one has been arrested.

"There was no evidence of sexual molestation in the case," Ullman told newsmen. "You have been told everything that can be told." He replied "No comment" to all other questions.

Ullman's office took official charge of the investigation today with the withdrawal of the FBI from the case.

Joseph J. Casper, FBI area chief, announced:

"In view of the identification of the body and the fact no interstate transportation is indicated, there appears to be no federal jurisdiction. Consequently the FBI is not empowered to conduct further investigation."

Coroner James J. Corrigan said he was unable to fix the cause of death.

Police revealed that they are holding a Negro man in connection with the case.

Pupils Combat Integration

(Continued from Page One) state police "to pack up and get out" of this town which is seething with racial unrest.

While mob violence had vanished at most other points along the integration front from Texas to Maryland, a boycott movement against classroom integration appeared to be growing.

At Clinton, Tenn., where guardsmen were called in earlier to quell dangerous demonstrations, more than half of the mixed high school's 800 white students remained away from classes.

At Motoka, W. Va., officials said four of every five white students were still playing hooky from the recently integrated high school, and the boycott movement was spreading to at least two other southwest Virginia schools.

Wilkins Criticizes Ike In Denver, Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People, charged in a speech that President Eisenhower "contributed little to the cause of law and order" by his integration statements Wednesday.

The President had said the federal government would not intervene in the situation unless state and local governments were unable to maintain law and order.

At Knoxville, Tenn., Federal Judge Robert Taylor made permanent a temporary injunction prohibiting interference with integration at Clinton High School as a safeguard against further outbreaks.

The Vatican City newspaper Osservatore Romano wrote an editorial concerning the integration violence and called racial discrimination in this country a "sin against the nature of Christianity."

Southampton Teenagers Dance Tomorrow Night

Youth Center Canteens Set For Saturdays

The first Southampton teenage canteen for the fall-winter season will bring music and dancing to the community's Youth Center on Willow street tomorrow night.

All Southampton-area teenagers are invited, said Mrs. Jack Brown, canteen chairman. The canteens will continue every Saturday during the school term, beginning at 8 p.m.

We'll have plenty of music and dancing tomorrow night," said Mrs. Brown, "and on future Saturdays we plan to give prizes and arrange special events." Mrs. Brown added that a hay ride may be held in the near future.

Bill Dowall, of Valley drive, Churchville, will furnish music for the events with his special recording equipment and loud speakers, explained Mrs. Brown.

The canteen is open to boys and girls between the ages of 13 and 19. "We hope for a big turnout to make it a big success," said Mrs. Brown.

Southampton's summer Wednesday night canteen program ended last week with a doggie roast, which Mrs. Brown reported was one of the most successful events of the season.

The chairman explained that if canteens are initiated at William Tennent High School in the future, the Youth Center program will be discontinued.

Bristol 275th

(Continued from Page One) ing up the values of the community's rich historical heritage.

On Monday, children of Bristol schools will join in a general program.

A huge banquet is set for Tuesday evening with a nationally known speaker already engaged and with many notables to join hundreds of Bristolians and guests in an unusual program appropriate for the historic occasion.

Open House

Wednesday will be Open House day with a number of Bristol's historic homes to be open to visitors.

A gigantic fair with many events of historical significance to be revived and dramatized will be held Thursday, Friday and Saturday, and the whole week's celebration will be climaxed Saturday with a huge and colorful historical parade.

Harry Danner is general chairman for Bristol's 275th, and last night made the following assignments:

Church observance—the Rev. R. L. Carlsen, chairman.

School observance and participation—Warren Snyder, superintendent of schools, chairman.

Banquet—Horace Schmidt, chairman.

Historical committee and open house—Mrs. Ann Hawkes Hutton, chairman.

Fair—Gene Nichols, chairman.

Finance—Steve Midouhas, chairman.

Publicity and program brochure—George G. Gray, chairman.

Attending last night's meeting were Mr. Danner, Mr. Snyder, Mrs. Hutton, Mr. Nichols, James Keegan, Mrs. Margaret Gontar, Sheridan Metz, Dr. H. H. Bisbee, Mr. Schmidt, the Rev. Fr. Peter Pinci, the Rev. Mr. Carlson, Mr. Midouhas, Mrs. Dora Colville, and Mike Berrie, secretary for Bristol's 275th.

The child spent more than a month recuperating at the hospital. The injuries received by the child required more than 100 stitches.

Diane fell in the path of a 25-inch rotary power mower operated by her mother. Doctors were forced to amputate the child's arm above the elbow when she was rushed to the hospital.

Nottingham VFW Auxiliary Elects

Marie McCue, of Stratford drive, Nottingham Village, was elected treasurer of the Women's Auxiliary of Nottingham VFW Post 7903 last night.

Mrs. McCue succeeds Jane Ziegler, who recently resigned. To take her new position, she was replaced as three-year trustee by Doris Wisokoff.

The auxiliary also elected Lois Goodman as chaplain. She replaces Noame Gould, who resigned.

The organization is planning a "game day". The date is yet to be set.

Peach Festival Slated Tonight

The Women's Association of the Bensalem Presbyterian Church will sponsor a Peach Festival to-night from 6:30 to 9 p.m. at "White Acres," the home of Mr. and Mrs. William White, on Washington lane, Bristol. The affair is being given by the Hope Circle.

The Association will also sponsor a rummage sale Sept. 11 in Philadelphia under the direction of the Charity Circle.

For donations of clothing for the sale, call SK-7-5371.

Each Circle of the Association will meet Sept. 17 at the home of one of its members at 8 p.m. All members have been urged to attend their respective meetings.

They Left Their Thoughts Behind

The summer is over, school has begun—but thoughts still remain with the good old vacation days. Yesterday was the first day of school for these youngsters of the Lower Southampton Elementary School. But Terry Lees, 25 Brookside drive, Feasterville, dreams of baseball, while Claudia Exler, 15 Milden street,

Feasterville, dreams of the Treose firemen's parade. Lower Southampton Elementary School serves pupils of the Feasterville-Treose area. It is located on Bridgetown pike. (Courier and Times Photo by Ron Brown)

Area Needs Deep Channel

TRENTON, N.J. —UP— A New Jersey spokesman said today deepening of the Delaware River from Philadelphia to Trenton would immediately aid industry in South Jersey and attract new plants to the area.

The spokesman, an official of the state Department of Conservation and Economic Development, also said the gigantic plant of the U. S. Steel Corp. at Morrisville, Pa., would benefit immediately when the project is completed.

"Actually, there is no limit to the type of industry that would benefit," he said.

The U. S. Army Corps of Engineers decided recently to spend \$5-million on the channel deepening project.

Mower Victim Returns Home

Diane Morrison, of Oxford Valley road, Middletown township, the 18-month old child who suffered severe lacerations of the body and lost an arm when a power mower passed over her body, was released from the Lower Bucks County hospital yesterday.

The child spent more than a month recuperating at the hospital. The injuries received by the child required more than 100 stitches.

Diane fell in the path of a 25-inch rotary power mower operated by her mother. Doctors were forced to amputate the child's arm above the elbow when she was rushed to the hospital.

Thieves Hit Vending Units

The latest in what police said appears to be a rash of cigarette machine burglaries was reported early this morning when a service station operator reported his business broken into and the vending machine pilfered.

Robert Wagner, owner of the Texaco service station at Route 13 and Haines road, Bristol township, discovered the burglary when he opened his establishment early this morning.

Wagner told Bristol township Patrolmen Patrick Dunleavy and William Edmund that the thieves threw a rock through the plate glass door to gain entrance.

An undetermined amount of money was taken from the machine. Police said they believed nothing else was touched.

Police throughout the Lower Bucks County area have reported more than 30 burglaries of this type during the last two months.

Sports Car Spill Kills Cartoonist

WESTPORT, Conn. — UP — Cartoonist Alexander Raymond, who drew the comic strip "Rip Kirby" and created another, "Flash Gordon," was killed yesterday when the sports car he was driving swerved out of control, hit a tree and turned over. He was 47.

Another cartoonist, Stanley Drake, who draws "The Heart of Juliet Jones," a passenger in the car which he owned suffered a possible skull fracture and was in a hospital in serious condition.

Miller Attorney Asks Court To Drop Case

Fred Smith, attorney for Alexander Miller of Easton, former chairman of the Delaware River Joint Toll Bridge Commission today asked Bucks County Court to rule on why information charging Mr. Miller with various misdemeanors should not be quashed.

Mr. Miller and two other commissioners are scheduled for a preliminary hearing on the charges before Justice of the Peace Leon H. Milnor, Newtown, on Tuesday.

In effect, Mr. Smith asked the court to "kill" the charges against Mr. Miller. He gave three main points for his argument. "First," he said, "the information against Mr. Miller fails to determine any dates on which Mr. Miller allegedly over-spent commission funds. Secondly, the information failed to place jurisdiction on the county."

He pointed out that during part of the time in which Mr. Miller is charged with misdemeanor in office, the offices of the commission were in Trenton.

No Amounts Given

Thirdly, Mr. Smith pointed out, the information fails to give any amounts or any other particulars concerning mispending of funds.

But it failed even to fix a new meeting date with Egypt's President Gamal Abdel Nasser. Only a dramatic last-minute compromise now could save the talks.

Committee spokesman Noel Deschamps said "in all probability" the committee would decide Saturday when to meet Nasser again. There was no meeting with him today because this is the Moslem sabbath.

Deschamps added that the committee would not leave without seeing Nasser again—"if only for courtesy's sake."

Meanwhile, Egyptian newspapers attacked British Prime Minister Sir Anthony Eden as a "criminal" bent on war in a sudden surge of pessimism over the outcome of the Suez Canal talks.

Pessimism in London Similar pessimism was reported in London, where diplomatic sources said Britain has started consultations with the United States and other allies on the "next step" to take if Nasser finally rejects the Dulles plan. The London dispatches said Britain's peace-or-war orders to the Suez expeditionary force in the Mediterranean will hinge on Menzies' personal report when he returns to Britain.

Menzies and the members of his five-power committee—which also includes representatives of the United States, Sweden, Iran and Ethiopia—met this morning to consider their next move. No new talks presently are scheduled with Nasser.

Nasser went to Alexander to spend the sabbath with his family as Menzies called his committee members together to try to heal a reported breach in its solid front outlook.

LEGION AUXILIARY MEETS

Robert Bracken American Legion Auxiliary will install officers today at 8 p.m. at the post home, Radcliffe street, Bristol.

Girl Jostled In Mishap

Two minor accidents dotted the Falls township roads yesterday resulting in one child being examined and released by a local doctor.

Adele Ager, 12, of 42 Birch drive, Levittown, was shaken up after her mother's car was struck by another vehicle on Newportville road early last night.

Mrs. Ager told Falls township police she was leaving a service station when her car collided with another vehicle driven by Ann Kice, of 6 Buttonwood lane, Levittown.

Patrolman George Mitchell investigated the accident.

Earlier in the day a three-car collision occurred at U. S. Route 1 and Tyburn road when wet roads caused a vehicle operated by Thomas Simms, of Fort Dix, N. J., to skid into the rear of a car driven by Patricia Ann Oates, of 1108 Tennis avenue, Andalusia.

The impact of the first collision caused Miss Oates' car to be pushed into another car driven by John Osdal, of Trenton.

Patrolman Lyle Gass investigated the collision.

Derby Race Tomorrow

Boys from all sections of Lower Bucks County will test their "automotive engineering" abilities and racing skill tomorrow in the Orange Crate Derby on Trenton road, east of Olds Boulevard, Fairless Hills. The race will start at 1 p.m.

The event is sponsored by the service clubs of Lower Bucks County, whose members have encouraged the young contestants to build their cars. Individual sponsors purchased the wheels, axles and steering gear for the tiny cars, which the boys assembled themselves.

The contestants will march with the Pennsylvania High School band, color guards and other units in a pre-Derby parade from Trenton and Oxford Valley roads to the race course, starting at 11:40 a.m.

PARENTS CONTINUE TERRACE STRIKE

Man!

Six-year-old Jim Baron, 711 Auburn road, Fairless Hills, can't conceal his enthusiasm for that whopping plate of 'cakes before him. The lad was one of many who enjoyed the Levittown-Fairless Rotary pancake supper last night at the Faith Reformed Church, Levittown Parkway. Jim dug in and looked around for "seconds."

Sturgis Negroes Stay Home Today

STURGIS, Ky. UP — Nine Negro children escorted to their first day of classes at Sturgis High School Thursday by bayonet-wielding National Guardsmen failed to return today as a crowd of 500

persons gathered again near the school grounds. Don Sturgis, deputy state commissioner of public safety, said one of the children's parents telephoned to say that the children would not attempt to return to school today but would come back Monday.

Only 30 or 40 of the white elementary and high school pupils who normally attend school had arrived by mid-morning. The high school band arrived for practice for its appearance at the Sturgis-Bowling Green football game tonight.

One of the two Negro girls who attended classes Thursday told United Press the Negro children were staying away from school "for fear of reprisals against our fathers."

She said a coal mine superintendent had called her father at 2 a.m. today to warn him that he would be fired if his children attended school today. The girl, whom her mother asked not to be identified, said others of the Negro families involved had received similar threats from other mine officials.

The girl talked to United Press in her home some six blocks from the high school. A rifle and shotgun were stacked inside the bedroom door of the home. The mother of the girl said the other Negro families involved were similarly armed. "We have to, the way these wildcats are," she said.

One arrest was made today by state police. A man identified as Preacher Jones was arrested after police said he was "cursing and getting loud."

Jones, a shoe repair shop operator, was charged with breach of (Continued on Page 3, Col. 8)

New Voters Registration

The Bucks County Traveling Registrars are now visiting local municipalities to sign up new voters for the coming November 6 presidential election.

The centers are open from 2 p.m. until 9 p.m.

Eventually everybody has to decide whether to live within his income or have a little fun now and then.

The first to criticize a quitter is the one who doesn't even have the nerve to begin.

Little kids couldn't possibly do as many things wrong as their parents think they will.

Watch your driving.

Bristol Boiler Plant Bought For \$500,000

Air view shows the 125,000-square-foot former Pacific Steel Boiler plant of the National U. S. Radiator Corp., purchased yesterday by the A. B. Murray Co., Inc., of Elizabeth, N. J. The new owners will establish a Delaware Valley warehouse on the site for their tubular products.

GOP Blasts John T. Welsh On Registrars

Lower Bucks Leader Says Long Voting Lines Are Commissioner's Fault

Clem Lennie, president of the Lower Bucks Republican Club, today blasted the Democratic County Commissioners for their inefficient handling of the heavy registration in Lower Bucks.

Lennie accused Welsh of playing politics and implying that Welsh does not want a big registration in this area because he would lose power.

Lennie said, "Hundreds of people have been standing in line up to two hours to register to vote in November. This is inexcusable inefficiency on the part of the Democrat Commissioners in Doylestown. These same Commissioners have found it easy to spend tens of thousands of dollars on an air survey of Bucks County and they spent \$1,700 so that they could have an automatic gate to their private parking lot in Doylestown."

Cites Help Needed

"But have they spent a few hundred dollars to hire clerical help to get the people registered? They have not. The Commissioners are servants of the people and should begin to think about being servants rather than petty politicians."

"It has come to my attention that John Welsh is on the outs with the Democrats of Lower Bucks and he would prefer not to see them register too many Democrat voters because he would lose control of the party. That man is playing politics at the expense of the residents in this area."

Big Turnout

"Registration has been heavy in this section this year. Over 900 people registered in Falls on one day; another 900 at Kanes Super Market last Tuesday, and over 800 Wednesday at Sun Ray Drug store at the Midway Shopping Center. In every case the people had to wait as long as two hours to get registered. Many had their children with them."

"I compliment these hundreds of new voters who are so interested in their Community but I severely criticize Welsh for his shortsighted attitude."

"Large registrations are expected at Pomeroy's in the Levittown Shopping Center next week. I hope Welsh will wise up and have enough clerical help on hand to do a decent job."

New Courthouse On Old Site Hits Block

Cyril L. Weston, attorney from West Rockhill township, has filed an appeal on his courthouse suit with the Pennsylvania Supreme Court.

Mr. Weston said today that he filed his appeal Wednesday in Philadelphia against the building of a new \$5,000,000 court house in Doylestown and it is listed for the January term of the supreme court.

Against Method

Mr. Weston is opposing the manner in which County Commissioners and others handled preparatory plans for the courthouse.

Bucks County Solicitor Robert W. Valimont has been notified of the action and Weston will file a

Group Schedules Bristol's 275th Anniversary Plans

Commemoration of the 275th anniversary of the founding of Bristol promises to be one of the most interesting, significant, and enjoyable events in its history.

This became apparent last

L'town, N.J. Center OK'd

The Willingboro, N. J., Township committee has amended its zoning ordinance to permit the construction of a giant shopping center for the proposed New Jersey Levittown.

The committee rezoned a huge farm tract to permit construction of a business area at a special public hearing held recently. The shopping center would serve an estimated 60,000 residents expected to occupy the 15,000 homes planned for the project.

The area rezoned for the center lies south of Route 130. The administration building of Levitt and Sons, Inc., will be located in the center. According to plans presented at the meeting the center would be constructed on Route 130 at the present intersection of Copic lane. Copic lane would have to be vacated so the center could be built.

night at a meeting of the general steering committee at Warren Snyder school when plans for the occasion were crystallized, general assignments made, and program for the community-wide celebration outlined.

Bristol's 275th will be the week of October 14. The week itself will be replete with a variety of events underlining the significance of the history of the community and is certain to capture the imagination of not only Bristolians but of untold thousands in the entire Upper Delaware Valley region.

Churches, schools, civic organizations, and business interests as well as borough officials are co-operating to make the event memorable. The week will start with special

Sunday church observances pointing up the values of the community's rich historical heritage.

On Monday, children of Bristol schools will join in a general program.

A huge banquet is set for Tuesday evening with a nationally (Continued on Page 3, Col. 2)

SKIL-WORD

Catches On

Already the entries are pouring into the Courier and Times offices as SKIL-WORD, the latest fascination in puzzle games, catches on in Lower Bucks.

If you haven't solved the puzzle yet you better get started. Remember there is a \$50 cash prize for the winner and it could just as well be you as anybody else.

The deadline is midnight Tuesday, all entries must be post marked no later than that date.

So get out your pencil and start to work. It's easy and lots of fun. But be sure to read all the rules so you play the game correctly. The puzzle and rules are printed on page 2.

Croydon Church's Poor Boxes Looted

Thieves last night entered the St. Thomas Aquinas church on Route 13, Croydon, and removed poor boxes from the walls of the church.

Bristol township criminal investigation division officers are presently investigating the reported burglary.

Tube Outlet Warehouse Is To Be Built

A. B. Murray Co. Ends Negotiations On Central Location

The A. B. Murray Co., of Elizabeth, N. J., a distributor of tubing, has purchased the former Pacific Steel Boiler plant of the National U. S. Radiator Corp. on Green Lane, Bristol, to use for a new Delaware Valley warehouse, the Greater Lower Bucks Chamber of Commerce announced today.

The sale was completed yesterday through the Philadelphia real estate firm of Frank G. Binswanger, Inc., at a price of \$500,000.

A. M. Murray, president of the Murray firm, said plans have been started to renovate the plant for possible occupancy by the end of the year.

The new Delaware Valley warehouse will add to the company's large inventory capacity of tubular products and provide a more prompt and efficient service to customers in this area.

Force Under 50

Mr. Murray estimated a force of somewhat under 50 workers will be employed at the warehouse. The new owners plan to lease some of the 125,000 square feet of plant space.

Sale of the former boiler plant followed several months of inquiries and negotiations by the Murray firm, in which the Greater Lower Bucks Chamber of Commerce provided information.

Chamber President, John C. Johnson said the Chamber has maintained contact with numerous industries, as many as 16 at a time, including four others that were interested in the Green Lane plant. The Chamber is now communicating with five or six industries interested in this area, Mr. Johnson said.

Good Location

The site was selected because of its favorable location, adjacent to main arteries of truck and rail traffic, the availability of the large floor area for storage of tubular products and handling by overhead crane, and Bristol's central location in the Delaware Valley.

Special storage racks for quick (Continued on Page 3, Col. 5)

L'town Pupils Remain Home Second Day

Only Seven Report After Plea To Close School Is Rejected

Most of the Indian Creek, Levittown, children assigned to first grade classes in the Bristol Terrace school buildings stayed home today for the second day in protest over conditions at the school.

However seven children from the community reported to the school this morning. This is three more than the four who attended first - day classes in the school yesterday, according to Bristol Township school officials.

The parents refused to send their children to the school after the township school board rejected their pleas to close the building and transfer its 150 pupils to other schools.

The parents termed the school and its surroundings "most undesirable."

Holidays Also

Other Indian Creek parents announced they would not send their first grade children to the William Penn School, Edgely, as a sympathy protest.

Albert J. Crispell, school administrator of the district which includes both the Terrace and the William Penn schools, said it was almost impossible to determine the effect of the protest strike because of the Jewish holidays.

"We don't know how many parents are keeping their children home in observance of the religious holiday or how many are doing so in protest," he said.

Some Will Return

However, he said that yesterday several parents notified the school that their children would return either today or Monday when the holiday was over.

He said there are now 17 first grade children from Indian Creek registered at the Bristol Terrace buildings with 10 absent today.

At the William Penn 30 first grade, Indian Creek children are registered with 17 attending classes today, Crispell said.

Mrs. David Allison, of 58 Indian Red road, said the protesting parents will meet Sunday to decide what action to take next week.

Her husband was one of spokesmen for the group of parents at a special meeting of the school board Wednesday night.

Hot-Rodders Given Warning

Morrisville Police Chief John S. Davis issued warning today to hot-rodgers and others with loud or defective mufflers on their automobiles, saying that the Department will crack down hard on all offenders caught. Chief Davis said the fine is \$10 plus \$5 costs for each violation.

Irving Warner, Jr. (right), who donated a two-acre plot of ground to the Levittown Fire Company No. 1, is shown turning the first shovel full of earth at the ground-breaking last night. The property is located at Mill Creek parkway and Tullytown-Fallsington road. Civic officials of the community and members of the fire company watch the ceremony. A \$25,000 firehouse will be started shortly on the site. (Courier and Times Photo)

Falls GOP Seeks To Halt Fairless Annexation Move

An emergency meeting of the executive committee of the Falls Township Republican Club called last night, made hurried preparations to present a petition to the Falls Township Board of Supervisors asking that they "strongly consider and take early action toward forming a first-class township."

The Falls Township Committee said that a part of a first-class township would be much harder to annex than a part of a second-class township.

The action was brought about to combat steps taken by Morrisville Borough Council Wednesday, when the council proposed to annex the Fairless Works, U. S. Steel to the Borough of Morrisville.

Berkes Target

The executive committee of the Republican Club, headed by Chairman Michael Dorak, will "strongly request" that the Falls Township Board of Supervisors take under advisement the removal of Milton Berkes as the chairman of the supervisors, because they feel, "he has been playing irresponsible partisan politics detrimental to the best interests of Falls Township residents."

The Falls Township Republican Club, when asked to join a fight for this movement, in petitioning the county commissioners and the courts to increase the assessments of Fairless Works, not only refused the invitation of Mr. Berkes, Dave Struble and Edward Howley, but issued a statement to the effect that in following the tax policies and philosophy of Gov. Leader they were destroying the possibility of more industries locating in Falls township.

"What industry wants to be No. 2 on the totem pole for the potshots of the Democratic leaders in Falls Township," Mr. Dorak said.

Morrisville's proposal was attacked by officials of Falls Township, as a "crackpot idea, made by officials who should know better."

Nicholas Mislan, borough council president who made the proposal, said he didn't think the borough would "plague United States Steel over its assessments."

Mr. Mislan was apparently referring to Falls Township's attempt to raise the plant's assessment valuation.

The council president went on to say that he hopes the plant files a petition with the Bucks County Court asking to be annexed by Morrisville borough.

Fifty-one per cent of property owners in the area would be needed to approve the petition, and the final decision would be in the hands of the courts.

Berkes said the township will fight Morrisville all the way to the courts.

Obituary

MARY E. MEENAN

Mary Elizabeth Meenan, four, daughter of Edward and Joan Downey Meenan, of 6 Edgewood lane, Levittown, died Wednesday at her home following a long illness.

She was born in Philadelphia May 16, 1952. Besides her parents she is survived by one sister, Patricia Ann, two; one brother, Edward Jerome, 2nd, four and one-half months; paternal grandparents, Mr. and Mrs. Edward J. Meenan, Sr., Scranton.

The family is a member of St. Michael the Archangel Roman Catholic Church.

Funeral arrangements were under the direction of Beck Mortuary, Newportville - Fallsington road. Services were held today with interment in Cathedral Cemetery, Scranton, Pa.

stop the annexation plan, if it ever reaches those late stages in annexation proceedings. Mr. Berkes said, "It's a crackpot idea, and I doubt very much whether the company would want to move to Morrisville and its higher millage rate. Morrisville has 76 mills and Falls Township has 58 mills tax rate.

The Fairless plant paid \$1,311,235 in taxes to the township and school board last year, Mr. Berkes said, and I doubt if the courts would allow any territory so important to a second class township to be taken away. Mr. Berkes said the plant is basic to the township's economy.

Falls Township recently filed an

appeal with the county to have the steel plant assessment raised from the present \$22,607,506 to at least \$10,000,000 higher. The present figure is set by the county. Both the Falls School Board and the Township Democratic party approved of the assessment hike.

The plant takes in six square miles or 3,840 acres, which would triple Morrisville's present size. In addition to the Fairless size, an area lying between the borough and the mill would also have to be annexed, requiring the consent of property owners.

Meanwhile, both Morrisville and Falls Township are preparing for the apparent, long seige.

Thieves Hit Vending Units

The latest in what police said appears to be a rash of cigarette machine burglaries was reported early this morning when a service station operator reported his business broken into and the vending machine pilfered.

Robert Wagner, owner of the Texaco service station at Route 13 and Haines road, Bristol township, discovered the burglary when he opened his establishment early this morning.

Wagner told Bristol township Patrolmen Patrick Dunleavy and William Edmund that the thieves threw a rock through the plate glass door to gain entrance.

An undetermined amount of money was taken from the machine. Police said they believed nothing else was touched.

Police throughout the Lower Bucks County area have reported more than 30 burglaries of this type during the last two months.

Bristol 275th

(Continued from Page One) known speaker already engaged and with many notables to join hundreds of Bristolians and guests in an unusual program appropriate for the historic occasion.

Wednesday will be Open House day with a number of Bristol's historic homes to be open to visitors. A gigantic fair with many events of historical significance to be revived and dramatized will be held Thursday, Friday and Saturday, and the whole week's celebration will be climaxed Saturday with a huge and colorful historical parade.

Harry Danner is general chairman for Bristol's 275th, and last night made the following assignments:

Church observance—the Rev. R. L. Carlsen, chairman.

School observance and participation—Warren Snyder, superintendent of schools, chairman.

Banquet—Horace Schmidt, chairman.

Historical committee and open house—Mrs. Ann Hawkes Hutton, chairman.

Fair—Gene Nichols, chairman.

Finance—Steve Midouhas, chairman.

Publicity and program brochure—George G. Gray, chairman.

Attending last night's meeting were Mr. Danner, Mr. Snyder, Mrs. Hutton, Mr. Nichols, James Keegan, Mrs. Margaret Gontar, Sheridan Metz, Dr. H. H. Bisbee, Mr. Schmidt, the Rev. Fr. Peter Pinci, the Rev. Mr. Carlson, Mr. Midouhas, Mrs. Dora Colville, and Mike Berrie, secretary for Bristol's 275th.

FINANCE COMMITTEE MEETS

The finance committee of the Morrisville Borough Council will hold a committee meeting at 8 p.m. Monday in the Borough Secretary's office in preparation for the regular Borough Council meeting Tuesday at Borough Hall.

Police Check Connecticut Kidnap Death

HAMDEN, Conn. — UP — Federal police activity hinted today at the possibility that six-week-old Cynthia Ruotolo may have been a victim of homicide rather than kidnapping.

Vital organs of the infant found floating in a plastic potato bag in a reservoir have been sent to the FBI laboratory to determine the cause of death.

The baby's mother, Mrs. Eleanor Ruotolo, 29, was questioned three times in 10 hours yesterday. Sobbing and near collapse, she was escorted to her home by two policemen and a priest.

State's Attorney Abraham Ullman, now in full charge of the case, refused any comment on possibility that the child was murdered before being thrown into Lake Whitney, south of Hamden.

Three boys fishing along the shore found the body yesterday, about one mile from the crowded department store where Cynthia was taken from her carriage last Saturday.

The body of the baby, believed dead several days, was viewed by both Mrs. Ruotolo and her husband, Stephen, 33, who made the identification.

Detectives searched the Ruotolo house and yard yesterday. They disclosed they were trying to match a piece of wire which was used to close the top of the transparent cellophane bag in which the body was found.

Tube Outlet

(Continued from Page One) loading and unloading by overhead crane and other handling and shipping facilities and equipment for cutting tubing and pipe will be installed.

Over 100 Years

Established in 1845, the Murray Co., was originally located in New York City and Brooklyn, moving to New Jersey in 1942. Since then, considerable expansion of plant and facilities has been made, including a warehouse operation at McKeesport, in the heart of the steel producing industry.

The newly-acquired plant is located on the main line of the Pennsylvania Railroad, just off Delaware Valley Interchange on the Pennsylvania Turnpike adjacent to U. S. Route 13.

They Left Their Thoughts Behind

The summer is over, school has begun—but thoughts still remain with the good old vacation days. Yesterday was the first day of school for these youngsters of the Lower Southampton Elementary School. But Terry Lees, 25 Brookside drive, Feasterville, dreams of baseball, while Claudia Exler, 15 Milden street,

Motion Made To Kill Bridge Case

Fechtenburg Honored By Realtors

Bucks County Board of Realtors last night honored a number of its outstanding members at the September meeting held at the Warrington Inn.

Three plaques expressing "grateful appreciation of years of loyal and faithful devotion to the organization" were presented to Richard W. Fechtenburg, Langhorne, president of the Pennsylvania Association of Realtors; J. Carroll Molloy Jr., and Charles J. Happ, both of Doylestown.

Molloy is vice president of the state association.

Membership pins were presented to board members who have brought in new members. Those receiving pins were Michael J. Catalano, Bristol; C. Morrell Brown, Doylestown; John L. Furey, Hilltown; Happ, Wynne James Jr., John T. Welsh, Molloy, all Doylestown; Thomas B. Stockham, Morrisville; Theodore Luz, of Eddington, and Fechtenburg.

The plaque presented to Mr. Fechtenburg records the fact that he is state president and that he was president of the Bucks County Board in 1943-44 and 1952-53.

The plaque to Mr. Molloy mentions that he is vice president of the state association and president of the county group in 1950-51 and served as secretary of the county group in 1945-46. Mr. Happ's plaque records his service as president of the National Institute of Farm Brokers in 1945-46 and the fact that he was first secretary of the county board and served as president of county board in 1930-31.

Milton Strouse, executive vice president of the state association, came from Harrisburg to attend the meeting and spoke on the work of the state association.

Alfred B. Patton, of Doylestown, secretary of the county board, reported on the progress being made by the "Bucks County Realtor" magazine which he publishes. He also said that 2700 members of state association will in a few days receive their copy of the 1956 issue of the "Pennsylvania Realtor" magazine which he also publishes.

County president Fred E. Schinzler in presenting the awards and plaques said:

"These men honored tonight are just a few of the outstanding realtors of our board of which there are 90 at the present time, serving its population of over 190,000."

Mr. Fechtenburg announced that the state convention of realtors would be held at Bedford Springs, Sept. 16-19.

Knee-Hi Picnic Set Tomorrow

The Levittown Knee-Hi League will hold a picnic tomorrow at 12 o'clock at the Levittown Shopping Center diamond. The affair is an annual get-together for the baseball teams. The Levittown team, winners of the league title, will be awarded jackets.

Miller Attorney Asks County Court To Drop Charges

Fred Smith, attorney for Alexander Miller of Easton, former chairman of the Delaware River Joint Toll Bridge Commission today asked Bucks County Court to rule on why information charging Mr. Miller with various misdemeanors should not be quashed.

Mr. Miller and two other commissioners are scheduled for a preliminary hearing on the charges before Justice of the Peace Leon H. Milnor, Newtown, on Tuesday.

In effect, Mr. Smith asked the court to "kill" the charges against Mr. Miller. He gave three main points for his argument.

"First," he said, "the information against Mr. Miller fails to determine any dates on which Mr. Miller allegedly over-spent commission funds. Secondly, the information failed to place jurisdiction on the county."

He pointed out that during part of the time in which Mr. Miller

is charged with misdemeanor in office, the offices of the commission were in Trenton.

No Amounts Given

Thirdly, Mr. Smith pointed out, the information fails to give any amounts or any other particulars concerning mispending of funds. Mr. Miller was indicted for the Grand Jury at an earlier hearing before Judge Milnor on six counts of misdemeanor in office.

The court suggested that arguments by Mr. Smith be put off until after the Grand Jury indicts Mr. Miller, therefore making it possible for all of these objections to be heard together.

District Attorney Donald W. VanArtsdalen said he felt a court ruling should be un-granted because the information, in his opinion, is sufficient.

The case against former bridge commissioner J. Leslie Brown of Trenton, and R. Chapman Carver of Ivyland will also be heard on Tuesday.

Suez Group Meets Again

CAIRO —UP— The five-power Suez Committee headed by Australian Prime Minister R. G. Menzies met for more than three hours today in a desperate attempt to head off looming failure of the Cairo talks.

But it failed even to fix a new meeting date with Egypt's President Gamal Abdel Nasser. Only a dramatic last-minute compromise now could save the talks.

Committee spokesman Noel Deschamps said "in all probability" the committee would decide Saturday when to meet Nasser again. There was no meeting with him today because this is the Moslem Sabbath.

Deschamps added that the committee would not leave without seeing Nasser again—"if only for courtesy's sake."

Meanwhile, Egyptian newspapers attacked British Prime Minister Sir Anthony Eden as a "criminal" bent on war in a sudden surge of pessimism over the outcome of the Suez Canal talks.

Bloody Turn Crash Injures Two Men

Two persons were injured at "Bloody Turn" on Route 13 opposite the Levittown Home Improvement company early last night when one car crashed into another vehicle which was attempting to make a left hand turn.

The two drivers, Frank Sangrillo, 35, of 336 Lafayette street, Bristol, and Allan Rosset, 21, of Maple avenue, Croydon, were taken to the Lower Bucks County hospital where they were treated and released. A laceration on Rosset's face required 10 stitches to close, police reported.

Derby Race Tomorrow

Boys from all sections of Lower Bucks County will test their "automotive engineering" abilities and racing skill tomorrow in the Orange Crate Derby on Trenton road, east of Olds Boulevard, Fairless Hills. The race will start at 1 p.m.

The event is sponsored by the service clubs of Lower Bucks County, whose members have encouraged the young contestants to build their cars. Individual sponsors purchased the wheels, axles and steering gear for the tiny cars, which the boys assembled themselves.

The contestants will march with the Pennsbury High School band, color guards and other units in a pre-Derby parade from Trenton and Oxford Valley roads to the race course, starting at 11:40 a.m.

Jury To Hear Medic's Case

An assault and battery charge against Dr. Fletcher D. Sain, of Lower Bucks County hospital, will be heard by the Bucks County Grand Jury early next week.

The charge brought by Dr. Glenn W. Bricker, of Levittown, is one of 174 indictments which will be heard by the Grand Jury starting Monday.

If the Grand Jury upholds the indictment against Dr. Sain his case will be listed for criminal court during the week of September 24.

The charge against Dr. Sain was filed following an alleged altercation between him and Dr. Bricker at the Lower Bucks County hospital. Dr. Bricker charged that Dr. Sain assaulted him while he was in the hospital inquiring about a patient he had sent there from an accident scene.

Hawaii, Arkansas Beauties Impress

ATLANTIC CITY, N. J. UP — Miss Hawaii and Miss Arkansas won the swim suit and talent categories in preliminaries of the Miss America contest last night.

Miss Hawaii, Texas-born Jere Wright, 20, of Honolulu, displayed measurements of 35-24-35 in winning in a white bathing suit.

Miss Arkansas, Barbara Banks, 18, of Conway, did an interpretive ballet to a jazz music accompaniment in winning the talent contest.

Miss Banks and Miss Wright join Miss California, Joan Colleen Beckett, and Miss Alabama, Anne Stuart Atrial, who won the swim and talent contests on the opening night of the preliminaries. Two preliminary winners are picked each night. They will vie for the Miss America title Saturday night.

Car Skids, Rips Bensalem Fence

A car operated by a 16-year-old Croydon boy skidded on Mechanicsville road, Bensalem Township, during last night's rain and ripped down 30 feet of fence, Bensalem Police reported.

The car, driven by Daniel W. Day, 2918 Murray avenue, RD 1, Croydon, smashed into fencing owned by Edward Moehner, of 3752 Mechanicsville road, Police said Day was alone.

Firm Head Denies Pike Allegations

HARRISBURG — UP — The president of the firm involved in the investigation of the alleged "swindle" of millions of dollars in Pennsylvania Turnpike funds today fired a counter-blast at two of Gov. George M. Leader's Democratic appointees, one a cabinet official.

Charles W. Stickler, Jr., head of the Manu-Mine Research and Development Corp., Reading said that the bulk of the disputed and subsequently cancelled contracts awarded his firm were approved by Highways Secretary Joseph J. Lawler and Turnpike Commission Chairman G. Franklin McSorley.

"If he (Leader) would bother to obtain the minutes of the commission meeting for Feb. 18, 1955, he would find that not only did Democrats McSorley and Lawler approve the contract but McSorley made the motion that it be accepted."

"If he would bother to check that he would find that 85 per cent of our work was done since McSorley became commission chairman. This then leads to the inevitable conclusion that the accusations of the governor against the company are equally applicable to his appointees—McSorley and Lawler."

Justice Dept. Petition

Stickler's statement was issued from his Reading office in the wake of the state Justice Department's petition in Dauphin County Court for a special grand jury investigation of the administration's charges of conspiracy, bribery and corrupt practices on the part of certain commissioners and employees during Republican control of the toll road.

Area Needs Deep Channel

TRENTON, N.J. —UP— A New Jersey spokesman said today deepening of the Delaware River from Philadelphia to Trenton would immediately aid industry in South Jersey and attract new plants to the area.

The spokesman, an official of the state Department of Conservation and Economic Development also said the gigantic plant of the U. S. Steel Corp. at Morrisville, Pa., would benefit immediately when the project is completed.

Mower Victim Returns Home

Diane Morrison, of Oxford Valley road, Middletown township, the 18-month old child who suffered severe lacerations of the body and lost an arm when a power mower passed over her body, was released from the Lower Bucks County hospital yesterday.

The child spent more than a month recuperating at the hospital. The injuries received by the child required more than 100 stitches.

Integration

(Continued from Page One) the peace after his arrest by patrolman Millard Sharp.

Form Solid Barrier

Most of the crowd stayed on the side of the street away from the school behind some 20 state police cars parked bumper to bumper. Guardsmen still were stationed around the school but they had removed the bayonets from their rifles today.

Sturgill said the FBI had been informed that threats have been made to the families of some of the Negro children, but that it would be up to the FBI to decide whether the threats were a federal matter.
